Township of Mansfield Newsletter: The follow statement was part of the newsletter.

On January 29, 2013 the Mansfield Township Green Team accepted the bronze level certification from Sustainable Jersey. The certification was earned by accruing 150 points from a series of activities, including participating in a Green Living Festival, hosting the annual shredding event, creating an inventory of all municipal buildings and working with the township to help pass the renewable energy ordinance. Mansfield Township was the first municipality in Warren County to earn this honor! The plaque is hanging in the entryway to the municipal building for all to enjoy. The Green Team is an all-volunteer group that receives no funding from the township. For more information about Sustainable Jersey please visit www.sustainablejersey.com.

Sustainable Jersey Small Grants Program:

Next Green Team meeting is scheduled for August 8, 2013 at 7:30 at the Municipal Building.

Respectfully Submitted,
